PROFILE SUMMARY

Undergraduate in Bachelor of Information and Communication Technology (Hons), specializing in Software Technology. Skilled in software development with a focus on high-quality solutions, backed by strong problem-solving and analytical skills from backend and full-stack projects. Adaptable to fast-paced settings, detail-oriented, and experienced in team collaboration, eager to contribute to software quality assurance and testing.

EDUCATION

UVA WELLASSA UNIVERSITY

2022-Present

Bachelor of Information and Communication Technology (Hons)

Expected Graduation: 2026

GPA: 3.9

PROJECT

SkillSwap Platform

- Developed an innovative web platform for seamless skill exchange with intelligent matching, real-time chat, and peer feedback to enhance collaborative learning.
- Technologies: React.js, Node.js, Express.js, MongoDB

Knowledge Sharing Platform

- Built a web platform for knowledge exchange featuring discussion forums, Q&A sessions, and resource libraries to support diverse user needs.
- Technologies: HTML, JavaScript, CSS, Bootstrap, Laravel, MySQL

CalMaster App

- Created a multi-functional calculator app with features like a standard calculator, GPA calculator, BMI calculator, discount calculator, and note-saving functionality.
- Technologies: Flutter, Dart

Master Education Web Platform

- Developed an education platform offering lectures, quizzes, assignments, and discussion forums for enhanced learning experiences.
- Technologies: HTML, CSS, Bootstrap, PHP, MySQL

Library Management System

- Designed a web-based system to streamline book and user management, track borrowed/returned books, and provide an admin dashboard for library operations.
- Technologies: HTML, CSS, JSP, MySQL

TECHNICAL SKILLS

- **Web Development:** React.js, Laravel, Express.js, Node.js, JSP, HTML, CSS, JavaScript, PHP
 - **Programming Languages:** Java, Python, C, Dart
 - **Databases:** MySQL, MongoDB
 - **Development Tools:** Visual Studio Code, NetBeans, Eclipse, Code::Blocks, Notepad++, Minitab
 - **Testing & Debugging Tools:** Selenium IDE, Postman, JIRA
 - **Version Control:** Git, GitHub
 - **Operating Systems:** Linux, Windows
-

SOFT SKILLS

- Leadership
 - Teamwork
 - Decision-Making
 - Project Management
 - Time Management
 - Attention to Detail
 - Critical Thinking
 - Problem-Solving
 - Adaptability
-
